2025 Survey

The reality of the existing skills shortage

75% of companies have
reported difficulty
recruiting qualified talent

Shops Aren't Getting Job-Ready New Hires Anymore

- **80% of hiring managers** say recent grads didn't work out; **65% ended in termination** — *Resume.org*
- **58% of companies** admit they don't provide enough training for new hires — *General Assembly*
- **49% of executives** worry employees lack skills to meet business needs — *LinkedIn Learning Report*
- **74% of employees** say lack of development holds them back — *ClearCompany*

create a table of schools including name, website, point of contact, and city

Here's a table of notable Reno-area schools offering CTE programs, including aviation. Each entry lists the school name, website, point of contact (when available), and city. ^[1] ^[2] ^[3] ^[4] ^[5]

School Name	Website	Point of Contact	City
Academy of Arts, Careers & Technology (AACT)	https://aact.washoeschools.net	Main Office: (775) 861-4418	Reno
Debbie Smith Career & Technical Academy	https://debbiesmith.washoeschools.net	Main Office: (775) 348-6065	Reno
ACE High School	https://www.acehighschool.org	Main Office: (775) 324-3900	Reno
Wooster High School (IB Program)	https://www.woostercolts.com	Jennifer Lienau, IB Coord.; 775-321-3160; jlienau@washoeschools.net	Reno
Reed High School	https://www.reedhs.com	Main Office: (775) 353-5700	Sparks
Spanish Springs High School	https://www.spanishspringshs.com	Main Office: (775) 425-7733	Sparks

- For programs like the AACT Aviation Technology Academy, additional contacts (such as aviation-specific coordinators) may be announced during the year via the school's main office. ^[4] ^[5]
- The Washoe County School District oversees most CTE programming; for school or program-specific questions, the main office lines generally connect to counseling or CTE coordinators. ^[3]

Searching for Local Schools:

1. Use ChatGPT/Perplexity/Gemini, etc.
2. Search for 'Career and Technical Education (CTE) programs in [City, State]
3. Narrow down the search to Aviation Programs
4. Create a table with contact information, point of contact, city

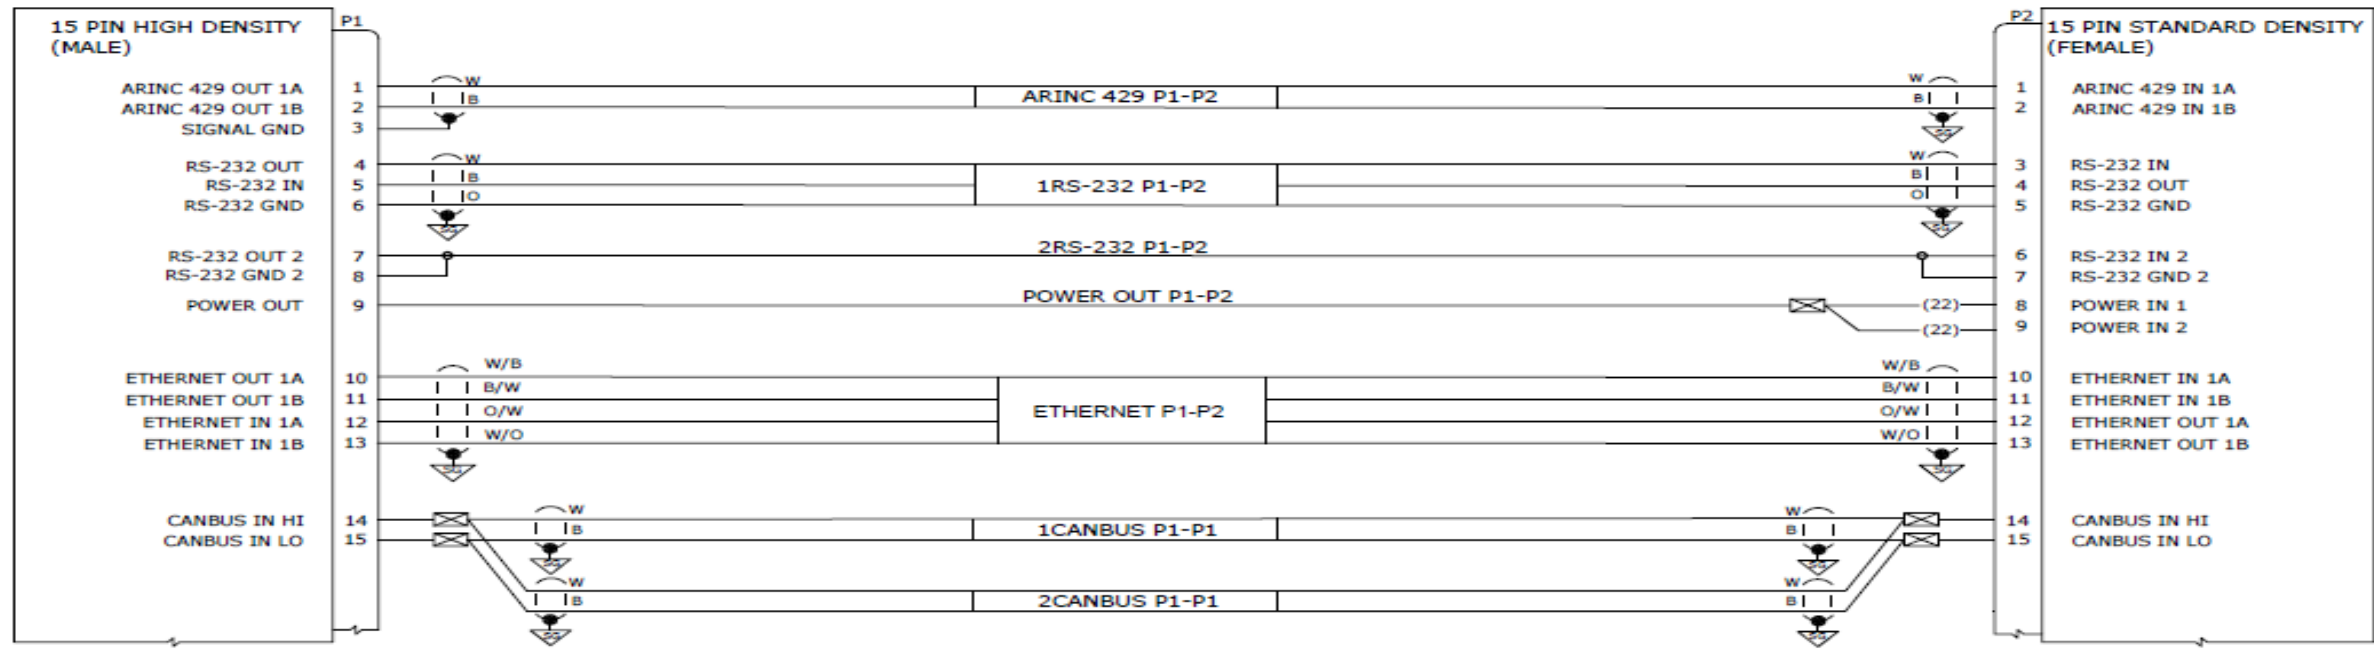

Building a Veteran Pipeline

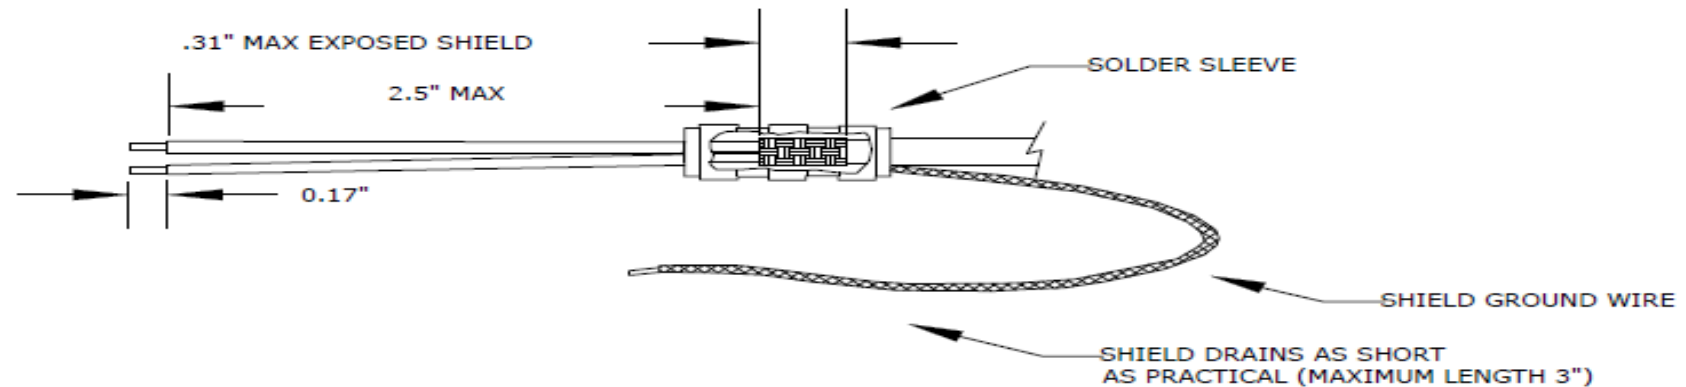

- NextOp
 - Connects transitioning military with careers
- Skillbridge
 - allows service members to spend their last 180 days of active duty working in internships
