Sheraton Cavalier Hotel

AEA Regionals

Kevin Bruce
Director Engineering and Certification

WHAT PART OF THE COUNTRY?

Schedule

- Sept 11

- Regulatory Update – 0815-1000
- Break - 1000-1015
- Avionics Troubleshooting: Magnetic Interference – 1015-1115
- VIAVI Solutions - Benefits of GPS simulation in Aviation – 1115-1200
- Lunch – 1200-1300
- Cirrus - Garmin Perspective to Perspective+ Upgrade Overview – 1300-1400
- uAvionix - AV-30-C and Accessory Integration – 1400-1445
- Break – 1445-1500
- Collins Aerospace Technical Training – 1500-1545
- Product Info Session – 1545-1630
- Exhibit Hall Open – 1630-1830

Schedule

- Sept 12
 - Garmin Technical Training– 0800-1200
 - Delegates Seminar – 0800-1200
 - Break - 1000-1015
 - Lunch – 1200-1300
 - Garmin Technical Training– 1300-1530
 - Delegates Seminar – 1300-1530
 - Break - 1400-1415

Regulatory Update

- Regulatory Update
 - A year in review
- TCCA Update
 - Ryan Hennigar
 - Program Manager, Operational Airworthiness
 - Standards Branch, TCCA

AEA Regionals

A Year in Review

A Year in Regulations and Guidance

GUIDANCE CHANGES

- AC 573-010 - Maintenance Annex Guidance – Bilateral Aviation Safety Agreement between Canada and the European Union
- AC 500-030 - Alternative Agents for Aircraft Fire Extinguisher System
- AC 507-002 - Certificate of Airworthiness
- AC 571-026 - Parts Removed from an Aircraft No Longer in Service and Disposal of Scrapped Parts
- AC 573-006 - Maintenance and Operations in Accordance with the Technical Arrangement – Maintenance Between Canada and the United Kingdom
- SI 573-004 - Application Procedures for the TCCA – UK CAA Technical Arrangement – Maintenance
- IPB 2020-06 - Interim Policy Changes for the Delivery of Approved Aircraft Type Maintenance Training under an Approved Training Organizations
- IPB 2020-02 - Interim Changes for the Delivery of Basic Training Programs by Approved Training Organizations

A Year in Regulations and Guidance

Regulatory Modernization Bill S-6

- This bill is proposed to allow the Minister of Transport to issue interim orders to bring international standards into law under certain circumstances thereby expediting valuable changes

SMS

- TCCA issued an NPA for the changes to the SMS program
- By in large the public agreed to the proposal
 - All SMS requirements will be moved to Part I
 - Design organizations and Manufacturers will be added to those needing an SMS

A Year in Regulations and Guidance

Electronic Conspicuity Working Group

- New technologies to allow the transmission of aircraft position (FLARM)
- How will TCCA approach EC with the potential of RPAS and AAM

5G

- CASA 2025-06 issued to address recent updates on the 5G issue
- FAA AD's meet Canadian requirements
- Strongly recommending to install 5G tolerant system
- Jan 1, 2026 spectrum mitigations are to be removed
- Currently no broad mandate other than the AD's

A Year in Regulations and Guidance

RPAS is Here!

- 108,000 registered drones
- 112,513 licensed pilots
- 15,993 licensed advanced pilots.
- CAR Part IX – Regulatory Requirement's
 - For RPAS of 250g to 150kg
 - Self Declared Design
 - Maintenance performed in accordance with Manufacturers Instruction
 - No specific Maintenance personnel qualifications

A Year in Regulations and Guidance

Delegate Conference

- In conjunction with AIAC's Aerospace Summit
- October 28th-29th

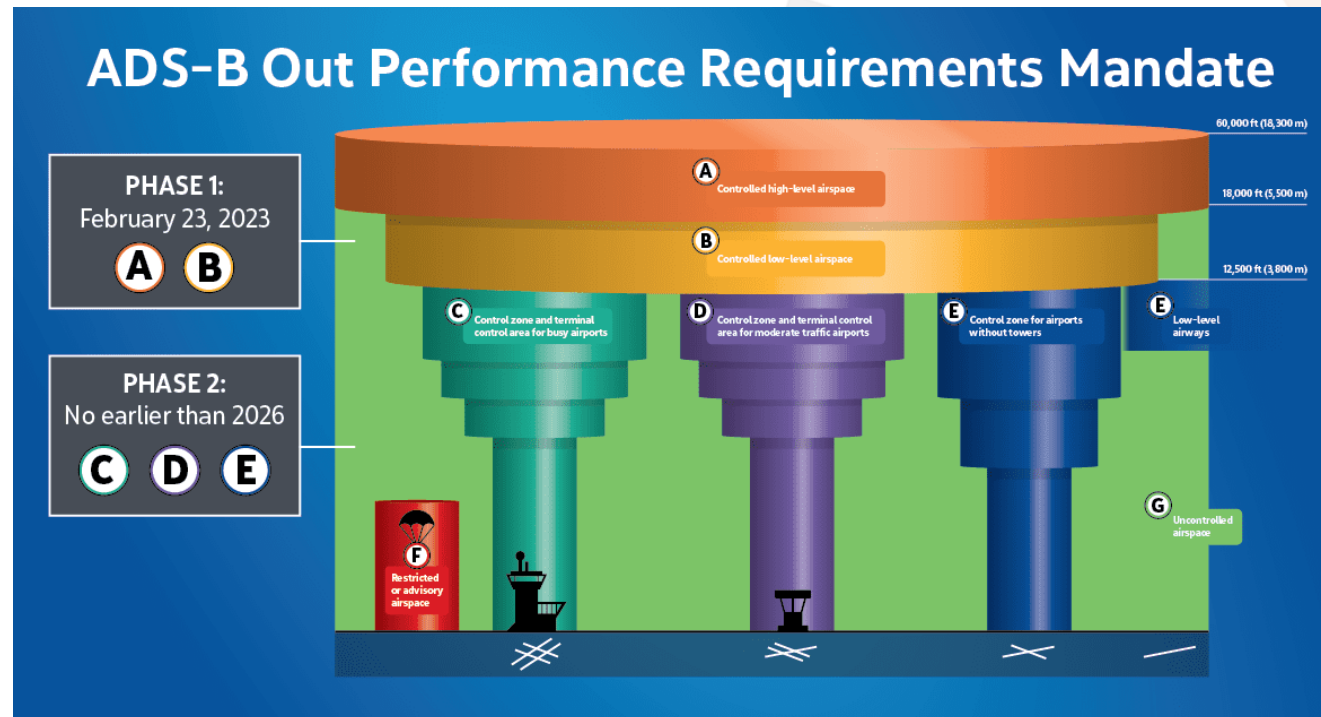

Roadmap for AAM

- TCCA issued a joint roadmap on AAM certification with the FA, UK CAA, CASA and NZCAA
- Commits to harmonized design requirements

ADS-B

How is it Going?

- Installations Completed?
- PAPER/DAPR Passed?
- Nav Canada Letters of non compliance?

ADS-B

- Industry Group is working with TCCA and NAV Canada to resolve the issues
 - Errors in the AC
 - Inconsistent test results
 - Diversity installations failing
- NAV Canada beginning to look at plan for Class C/D/E
 - Committed to full industry participation
- TCCA AC to be revised to correct noted issues
- More ground stations to be installed
