TS28 Emergency Battery Power Supply

NEW

**Power emergency lighting and critical equipment
in the event of electrical system failure**

Input Voltage	26.5 – 32 VDC
Output Power	24 VDC nominal, 3 amps max
Run Time	60 minutes @ 1A (28 Wh capacity)
Weight	1.7 lbs
Dimensions	5.5"L x 4.4"W x 1.5"H

Direct replacement for
Radiant Battery Power Supply CBS28-1
on Citation 550 / 560 / 680 / 680A / 700

TS28 Emergency Battery Power Supply

NEW

Technology

- Rechargeable, field-replaceable NiMH battery pack
- No memory effect

Maintenance

- 2-year cycle

Life Expectancy

- 4 – 6 years battery life

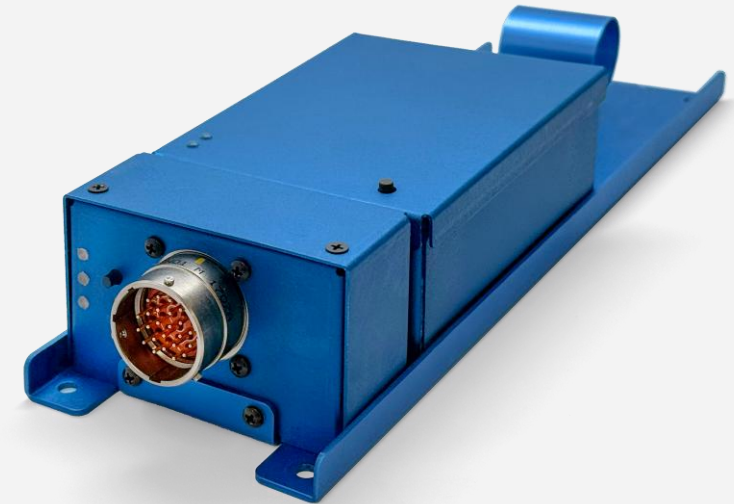

Direct replacement for
Radiant Battery Power Supply CBS28-1
on Citation 550 / 560 / 680 / 680A / 700

TS32 Emergency Battery Power Supply

COMING
SOON

**Power emergency lighting and critical equipment
in the event of electrical system failure**

Input Voltage	16 – 32 VDC
Output Power	6.2 VDC nominal, 7 amps max
Run Time	153 minutes @ 2.0A (32 Wh capacity)
Weight	1.9 lbs
Dimensions	10.8"L x 3.3"W x 2.0"H

Direct replacement for
Radiant RPS1-A / B and Bruce Industries
100865 power supplies

TS32 Emergency Battery Power Supply

COMING
SOON

Technology

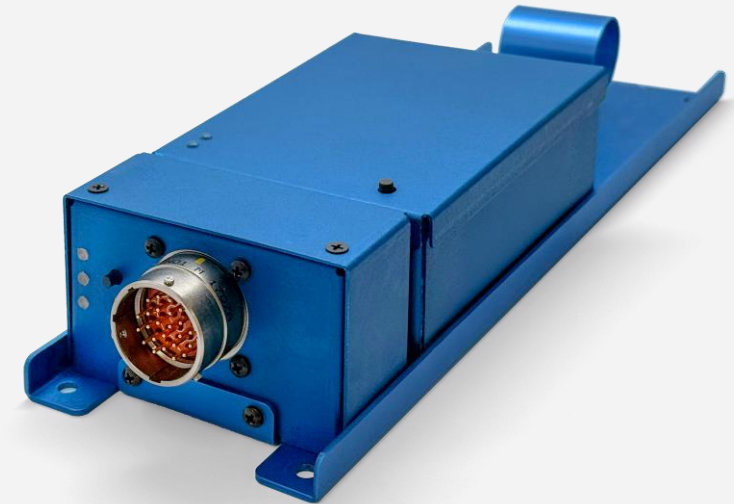

- Rechargeable, field-replaceable NiMH battery pack
- No memory effect

Maintenance

- 2-year cycle

Life Expectancy

- 4 – 6 years battery life

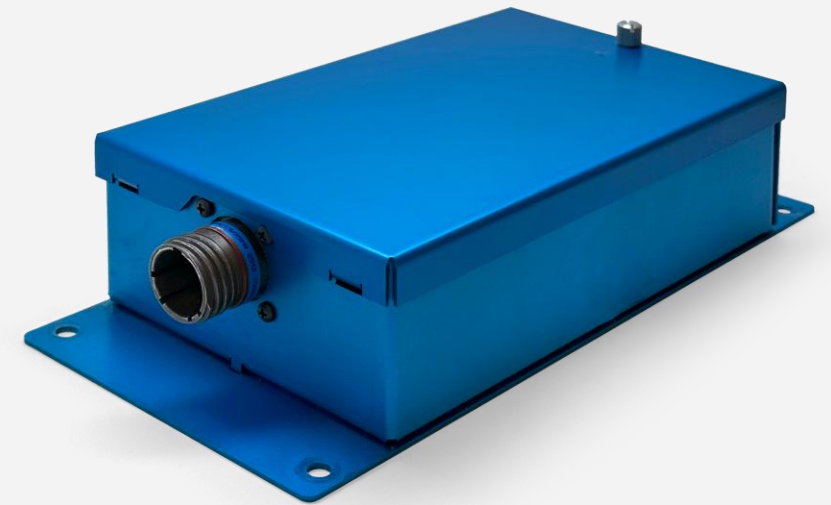

Direct replacement for
Radiant RPS1-A / B and Bruce Industries
100865 power supplies

TS56 Emergency Battery Power Supply

COMING
SOON

**Power emergency lighting and critical equipment
in the event of electrical system failure**

Input Voltage	26 – 32 VDC
Output Power	24.6 VDC nominal, 3 amps max
Run Time	137 minutes @ 1A (56 Wh capacity)
Weight	2.9 lbs
Dimensions	9.1"L x 4.3"W x 2.4"H

Direct replacement for
Radiant Battery Power Supply 640-13595-00

TS56 Emergency Battery Power Supply

COMING
SOON

Technology

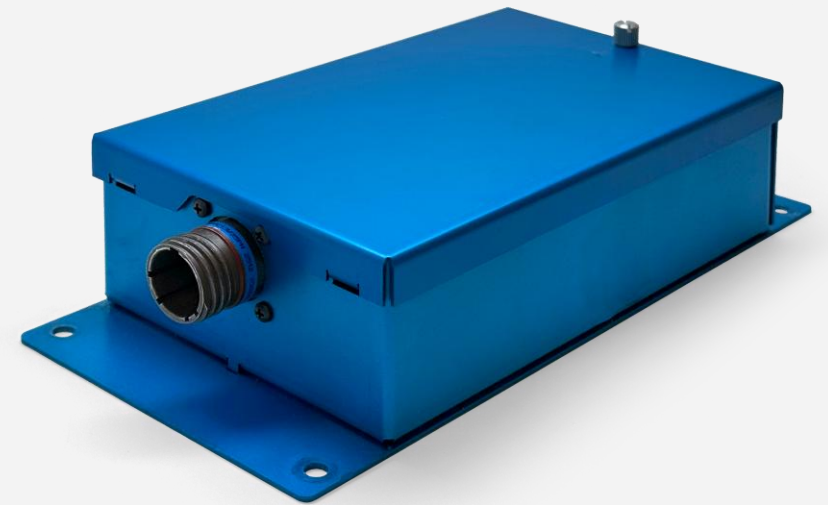

- Rechargeable, field-replaceable NiMH battery pack
- No memory effect

Maintenance

- 2-year cycle

Life Expectancy

- 6 – 8 years battery life

Direct replacement for
Radiant Battery Power Supply 640-13595-00

Lithium-ion Battery STC Kits

NEW

STC Expected Q1 2026

- Gulfstream GIV, G450, GV, G550
- Bombardier Challenger 601, 604, 605, 650
- Bombardier CRJ Series

TB50 (50 amp hour) Lithium-ion Battery

- Same-size replacement for standard 44 amp hour batteries
- More power, less weight, no maintenance
